## PA201

## Riveter

- + Hydro-pneumatic system
- + With nosepieces: 2.4, 3.2, 4.0, 4.8, 6.0, 6.4 mm.
- + Powerful, durable, high-speed production tool.
- + Performs well at any angle and gets into hard-to-reach areas.
- + Mirror polished cylinder and piston provides less friction and allows the rivets to release quickly.

## PA201

Capacity (mm): 2,4~6,4

Stroke length (mm): 14

Traction power (lb.-f): 3534

Traction power (kg-f): 1603

Air consumption (L/cycle): 2.32

Air Pressure (bar): 6,3

Air Pressure (PSI): 90

Air inlet (inch): 1/4"

Sound level (dBA): 79,7

Vibration level (m/s²): 0,5

Weight (g): 1800
