SV2_30

Filter Regulator Lubricator

- + Pressure range from 0.05 to 0.85 bars
- + Can be filled under pressure.
- + Removes all dirt particles up to five microns.

SV2330

Max input pressure (bar) : 15

Max input pressure (psi) : 215

Output adjustable air pressure (bar) : 4.8 - 9.6

Output adjustable air pressure (psi) : 70 - 140

Air flow (l/min) : 1100

Threads (inlet/outlet) (inches) : 3/8"

Temperature range (°C) : 5 ~ 60

Filtration (µm) : 5

Condensate tank capacity (ml) : 15

Oil tank capacity (ml) : 60

Weight (g) : 700
