SV2431

Filter Regulator Lubricator

- + Pressure range from 0.1 to 1.5 bars
- + Can be filled under pressure.
- + Removes all dirt particles up to 40 microns.

SV2431

Max input pressure (bar) : 20

Max input pressure (psi) : 285

Output adjustable air pressure (bar) : 4.8 - 9.6

Output adjustable air pressure (psi) : 70 - 140

Air flow (l/min) : 3400

Threads (inlet/outlet) (inches) : 1/2"

Temperature range (°C) : 5 ~ 60

Filtration (µm) : 40

Condensate tank capacity (ml) : 15

Oil tank capacity (ml) : 80

Weight (g) : 1500
