SV2260

Filter Regulator Lubricator

- + Removes all dirt particles up to five microns.
- + Can be filled under pressure.

SV2260

Max input pressure (bar) : 15

Max input pressure (psi) : 215

Output adjustable air pressure (bar) : 4.8 - 9.6

Output adjustable air pressure (psi) : 70 - 150

Air flow (l/min) : 1750

Threads (inlet/outlet) (inches) : 1/4"

Temperature range (°C) : 5 - 60

Filtration (µm) : 5

Condensate tank capacity (ml) : 80

Oil tank capacity (ml) : 150

Weight (g) : 966
